From the Principal’s Desk...

Last Thursday was **Clean-Up Australia Day** in our school. Each class collected rubbish in and outside of the school grounds. Great work ECO Warriors!!

On Friday we celebrated another **National Ride2School Day**. Thanks to Lydia, Miss Cross and the team for organising another fun event.

The “Design a Helmet” competition **prize winners** were announced at the each assembly. Congratulations are extended to ALL students on their creativity! I know the judges had a very hard time selecting the prize winners.

Just a reminder to ALL parents and carers, **parent/teacher interviews** are on this week. Please notify the school prior to the allocated time if you are unable to attend.

Good Luck to our Year 6 students who will be attending the **Selective High School Placement test** on Thursday 10th March.

Currently the school has organized some **“Spring Cleaning”**. Last Saturday the roof gutters were cleaned. This week on Wednesday the school exterior windows will be cleaned (Interior windows were cleaned last week) and the carpets, mats and rugs will be cleaned on Friday.

Stewart House
**Bags have been sent home for clothing donations to Stewart House.**

The next clothing collection date is **Thursday 31st March 2016**

Please return bags to the school prior to the pick-up date.
SEEKING PARENTS WITH FILMMAKING SKILLS

Dear Parents and Carers

This year Bourke Street Public School will showcase our students’ creative skills and talents through an end of year Film Festival! Every class across the school will make a short film which will be featured in the festival. Teachers will lead the creative process with each class in line with focus and skills addressed in our K-6 curriculums, however, parent involvement and support is always an important aspect in all educative processes and very much appreciated.

At this point we are hoping to compile a catalogue of parents with technical skills, experience or equipment in particular areas of film making who would be willing to help in some way if needed. Skills and experience may be at a professional level or novice level and may include areas such as editing, film capture, sound, design, special effects or any additional skills you may think valuable. You may have equipment you could lend such as Go-Pro’s, drones, lighting OR any other special resources or contacts that you might think useful.

A catalogue of parent skills will be compiled and distributed to teachers so that teachers might seek out help across the whole school community (not just parents from their class) in the area of assistance needed. The level of commitment needed from each parent and organization can then be discussed with the teacher seeking the support.

Teachers will also be contacting classroom parents later during the process seeking help for costumes, set, props etc. This catalogue is to offer additional technical film making skills/equipment.

If you have any technical film making skills/equipment that you could offer please email Mr Goode jason.goode3@det.nsw.edu.au with:
- Your name and contact details
- Child’s name and class
- Skill/experience/Equipment
- and any additional information.

Thankyou for your support and stay tuned as the Film Fest buzz builds throughout the year!

Warm Regards

Mr Goode
