	Eli

#### Student of the Week

KP	Nathan
1/2G	Catherine

**Keep up the Great Work Everyone!!**

### **From the Principal's Desk.....**

The library stocktake has been completed and borrowing will be able to recommence next term.

I would like to thank all students and all staff for their efforts in a very productive term.

Remember that your child does not return to school until

**WEDNESDAY 29<sup>th</sup> April.**

Everyone have a safe and relaxing Easter break.

Peter Johnston Acting Principal

☺☺☺ **KP Class News** ☺☺☺

Term 1 has been an eventful and exciting time for Kindergarten. All of the children have settled in very well and the whole class appears to be very happy. We have made some wonderful progress and I am impressed with how quickly all the children are moving forward.

Over the last term KP has been studying 'Changes'. In this topic the children have been looking at the way in which they have changed since they were babies and how things change over time. As part of this unit KP grew their own plants and looked at how the plants changed over time. Some of the children took the opportunity to present their work to the school during our weekly school assembly.

Also as part of this unit the children have been studying the seasons and they have completed a number of artworks showing spring, summer, autumn and winter. The children have used many different artistic techniques including ink and food dye painting as well as printing.

Over the last weeks of the term KP has been preparing for Easter. The children have taken part in decorating eggs and making cards. If you would like to see the children work please do not hesitate to come to KP before 9.00am.

Lastly, I would like to wish everyone a lovely and safe holiday. I hope everyone gets the opportunity to rest and enjoy themselves, getting ready for term 2.

***Best Easter wishes to everyone.***

Thank you  
Maria Piotrowski KP

☺☺☺ **3/4/5/6W Class News** ☺☺☺

We have just finished a busy term and we all are looking forward to our Easter break. We have been busy in Literacy groups writing narrative and explanations and some students are showing pleasing progress in their work.

In Numeracy groups we have been focusing on the space and measurement strands and completed practical activities such as measuring the playground, etc.

With computer technology the students are producing work of a very high standard and these works can be viewed around the school.

Throughout the term both COGs units have been about "the effects of growth and change". Students have examined changes in the environment, community and their physical and emotional selves.

Thank you to all parents who helped with homework this term. Your assistance is very much appreciated.

Unfortunately our C.A.R.E.S (bike excursion) was cancelled, because of wet weather, for safety reasons. I am trying to book the excursion for next term and will advise you of the date and time.

I hope all Year 6 students are successful with their first choice high schools for 2009. Also, all the very best to Year 3 and Year 5 students who will be sitting the NAPLAN tests next term.

I look forward to seeing you at our Easter hat parade on Thursday.

***Wishing everyone a happy and safe Easter break.***

Thanking you  
J Whitbread, Maria and Glen
