Human Swine Flu

It is due to the changing situation in Victoria that NSW Health has announced that **children and school staff who travel to greater metropolitan Melbourne will be required to stay away from school for seven days after their return to NSW.**

This is the same policy that we have had in place for overseas travellers returning from countries affected by human swine influenza.

These countries are: Mexico, USA, Canada, Panama and Japan

This exclusion from school will allow time for any illness related to that travel to develop, and for prompt assessment and treatment to commence. If the person remains well after seven days they can return to school.

Head Lice

We have several cases of head lice in the school. Please take the appropriate action of checking your child's hair and scalp for any evidence of infestation.

Should you find any evidence please consult your local Pharmacist for the appropriate course of treatment.

Thank you for your cooperation in this matter.

Absent Notes

If children are absent from school or late to school, parents or carers are required to provide the school with a note explaining their absence within seven days. If this has not been provided, the school will send home a note requiring an explanation so that our records can be updated.
